PROGRAM DETAILS:

Building Your Foundation: This program is designed to introduce students to the process of learning and how to use their own experiences to discover their natural instincts for the game. This exploration will encompass all facets of the game including full swing, solid contact, short game, power, and the “mental game.” Each program is unique and will incorporate each individual’s needs. The Student to Coach ratio is 4:1.

Golf, Mindfulness and Meditation: Even though golf is continuously described as a ‘mental game’, rarely do we take the time to develop one. If you are ready to take your range game to the first tee, this program is for you. Learn how to overcome barriers specific to your game and start playing a game that offers you accuracy, ball control, power, and fulfillment. The Student to Coach ratio is 4:1.

Solid Hit, Compression and Power: Learn to compress and strike the ball like never before! This program will provide an opportunity to learn how to tap into your own instincts to create more power and speed while increasing solid contact. Learning will be individualized and based around YOUR body’s uniqueness. The Student to Coach ratio is 4:1.
